

ENVIROSCREEN

THE GREENER SCREEN

EnviroScreen by Verosol

EnviroScreen is a highly reflective, transparent, PVC-free metalized fabric, which makes for superior visual and thermal comfort. It is woven in a screen-like construction, with a textile appearance.

EnviroScreen is available with a 2% openness factor (OF), and is offered in 6 attractive colors.

- Cradle to Cradle Certified
- Formaldehyde and PVC-Free
- Flame Retardant
- Versatile – can be used in roller shades and panel track applications
- Energy Savings and Comfort
- EnviroScreen is Öko-Tex and Greenguard certified and will therefore contribute significantly to obtaining points in green building rating tools such as LEED, Green Star, Breeam etc.
